SUMMARY

Computer Science professional (B.S. in progress) with hands-on experience in SQL, Python, and data visualization, translating end-user needs into clear reporting and process improvements. Background in audit program design, requirements gathering, and issue resolution, with a focus on supporting enterprise operations through data extracts, analytics, and documentation.

SKILLS

SQL (relational databases, ad-hoc queries, data extracts) | Python | JavaScript/TypeScript | React/Next.js | HTML/CSS/Tailwind

REST APIs/FastAPI | Data analytics & visualization | Requirements gathering | Documentation & reporting | Git/GitHub | Troubleshooting

EXPERIENCE

Quality Assurance Consultant | CarMax, Richmond, VA | Oct 2020 - Nov 2025

- Analyzed QA and compliance performance trends and delivered recurring reporting to leadership, identifying risk drivers and recommending process changes to improve operational outcomes.
- Designed and implemented the official Customer Experience Center Audit Program with Compliance Services, standardizing evaluation criteria and improving audit consistency and transparency.
- Reduced compliance opportunity rates by 23% by translating findings into targeted recommendations and follow-ups; increased inbound QA evaluation scores by 9% through data-driven coaching insights.

Bindery Mechanic | Direct Mail Solutions, Richmond, VA | Feb 2017 - May 2020

- Diagnosed equipment and process issues in a high-volume production environment, restoring operations through structured troubleshooting and corrective actions.
- Executed preventive maintenance and documented repairs to improve equipment reliability and reduce unplanned downtime.

EDUCATION

Bachelor of Science in Computer Science (B.S.), Artificial Intelligence Concentration | Full Sail University, Winter Park, FL | Expected Feb 2026
